

Mexico City
The best place to
eat a lot of
delicious food

In Mexico City we
have a lot of
museums. Some of
them are cheaper than
others

In this City you can
also see many sights. The tallest one is the
Latinamerican
Tower.

Come and you'll
discover that tacos in
the city are the
tastiest in the
country

The city might not be the as big as it appears, but it's the nicest one in the country

There are plazas and tianguis in the city if you want to buy plenty variety of things, but tianguis are cheaper than plazas

If you hate hot weather, your best option is to visit us because of the fresh weather this summer. It's rainier than other states

One of the greatest
touristic destinations is
the center of the city,
but be careful because
it's the most crowded
place in the city

If you like eating and
play videogames you
should visit places like
Taco Game, it's funnier
than you think

Finally, you can visit
bars and places that
look more beautiful at
nights but don't forget
to be careful, there are
also some of the most
dangerous places in the
city
